Subject: SNA Updates for NCC Meeting 11/21/2019

## **HAPPY THANKSGIVING**

**We wish you a happy holiday time gathering with family and friends.**

The Nursing Coordinating Council meeting scheduled for 11/21 was canceled by Administration based on their need to focus on the NUHW strikes and picketing.

We had hoped to make progress on the issues we've been addressing over the last few months:

Care Partner staffing

Problems with the "throughput" scheme

Safety concerns

Staffing to Acuity

Communication of policy changes

We will pursue these subjects and more at our next NCC mtg. in Dec.

Thank you, The SNA Board
